February 2010

February 23rd – e-PRO Workshop

with Jerry Rossi

The e-PRO® Workshop was free to attendees and covers the benefits of taking the online e-PRO® certification course. It also covers many beneficial technology tips, including some information to get you started with Social Networking, which you can apply right away. e-PRO® is the only online technology certification course offered by the National Association of REALTORS and it's NAR's fastest growing certification course. As an added bonus, NAR's all new Web 2.0 & Social Media course (a \$99 value) will be included with every e-PRO® course enrollment.

At the e-PRO® Workshop, attendees also have the opportunity to take advantage of the \$25 discount for enrolling into the online e-PRO® course. All existing e-PRO®s (and those currently enrolled in the course) who attended and brought a guest received an e-PRO® pin (\$25 value).

e-PRO® is recognized for elective credit in the designation requirements for CRS (Certified Residential Specialist), ABR (Accredited Buyer Representative), and CIPS (Certified International Property Specialist).
