

Would you welcome a complete stranger into your home or get into a car alone with someone you had just met? For REALTORS® and other real estate professionals, these are everyday occurrences. Every job that requires interaction with the public involves some risk, which is why it is VERY important that all members understand how to be safe and how to protect themselves.

The Brunswick County Sheriff's office is asking for time to allow them to make a safety presentation at YOUR office. Please contact:

### **SAFETY TIP OF THE MONTH**

Always let someone know where you are going and when you will be back; leave the name and phone number of the client you are meeting and schedule a time for your office to call you to check in.
