

iMAPP Login & New System Information

Yesterday, there were some problems with logging into the NEW iMAPP system. As many of you noticed, when you select the Tax link

or a PID link in the MLS, you are prompted for a login name and password.

- 1) Enter your MLS login name and password **all lower case and no spaces! (this was not working correctly yesterday, but HAS BEEN FIXED)**
- 2) Select the *Save Login Information* box (This places a “cookie” on your computer to remember your login information. Provided you do not “delete your cookies” you will **not** have to enter the login and password again. If you use several different computers, you will have to save your login name and password on each one.)

A screenshot of the iMAPP Login form. It has a title bar that says "Brunswick County Association of REALTORS® IMAPP Login". Below the title bar are two input fields: "User Name:" and "Password:". Below the password field is a checkbox labeled "Save Login Information" which is highlighted in yellow. At the bottom of the form are two buttons: "log in" and "reset".

MLS Users: Use your MLS user name and password to access this system.

- 3) **If you logged in yesterday**, you had to use the OLD IRIS login information. This login information no longer works – you will have to enter your MLS login name and password and select *Save Login Information* again.

The new system you are logging into, replaces the IRIS software and the iLinks/Tax software. The best of both systems were combined into one system!

The IRIS software will be kept up and running for a short time – but will eventually be disabled. If you have not attended a class on this new system yet, there is room in the 1:30 & 3:30 classes on February 26 as well as the 9:00 on February 27.

**** Access the new iMapp system directly from the web too – <http://bcar.imapp.com> ****
(DO NOT USE WWW WHEN TYPING IN THIS ADDRESS!!!)
